

SAT Achievement and Growth Worksheet: K – 3rd Grade

Student Name _____ ID _____ Grade _____ Date _____ Teacher _____

1. Fill in Student Name, ID Number, Grade, Date, and your name in the appropriate spaces.
2. Following the Example below, fill in the Subject line with the area of concern (reading or math). You can record both reading and math on the same form.
3. Fill in the student's current and previous short cycle assessment information.
4. Bring the form with the first four columns completed with information for mathematics, reading, or both to the student's first SAT meeting.

NOTE: Not all math questions are asked during all windows of the KDPR. To determine KDPR scores, you will need the results from individual KDPR items from the AIMS website:

Fall Math: score questions 17-22

Winter Math: score questions 17-24 and 26-30

Spring Math: score questions 17-30.

Fall Reading: score questions 33-34, 37, 39-40, 42-44

Winter Reading: score questions 33-44

Spring Reading: score questions 33, 35-44.

Add the total for each of the appropriate questions using a 0-3 scale where 0="area of need," 1="emergent," 2="nearing proficiency," and 3="proficient."

Subject:				SAT will complete	
Grade and Window of Assessment	Assessment	Month/Yr administered	Score or Level	Weakness in current achievement?	Weakness in growth?
