

The teacher will need to see all of your work. Check (x) off each one as you use it. Be sure to include the following:

- Pictures, charts, graphs, or t-tables that support your explanation
- A written explanation with detailed sentences
- The equation or number sentence
- The answer (Ask yourself: Is my answer reasonable? Why or why not?)
- The solution in more than one way or related to other situations

A Very Tall Lady

The Statue of Liberty is about 102 yards tall.
The average 10 year old girl is 42 inches tall.

Task Part 1: How many average 10 year old girls would it take to equal the height of the Statue of Liberty?

Task Part 2: How many students your height would it take?

My height is _____ inches.
